INTER-STATE LEAGUE.

To-day's games—Wheeling at Toledo, gashington at Jackson, New Castle at ort Wayne, Youngstown at Saginaw.

The Nailers do not play to-day or toperrow, the management of the Wheel-be and Toledo teams having arranged ng and two games on Sunday. The geek's campaign has been disastrous. the team winning but one out of four

games this week, in batting, eight of the fifteen players have decreased their averages, and in the field only six of the fifteen men have bettered their percentages. Shaw continues to lead the team in batting with Al Wagner in second place, but of quite so close to the leader as he last week. In fielding the good work of Davis and Garvey continues to be the feature. Davis has participited in seventeen games and has acepted sixty fielding chances without an error. In fourteen games Garvey

as error.

A glance at the field work of Baker and Garvey shows that these two twirters are effective in different ways. Baker has officiated in thirteen games, one less than Garvey, yet he has had forty-too chances offered him to fourtreen that had forty-too chances offered him to fourtreen that had been supported to the infield, while Garvey's are hit to the saffeld.

Base Ball Notes.

The following base ball notes are from the Toledo Commercial: The Wheeling management complain:

The Wheeling management complains about their treatment at Fort Wayne and Saginaw. They were well satisfied at their treatment here yesterday and also at Jackson!

Baker, of Wheeling, Brown, of New Castie, and Pollard, of Toledo, are three pitchers who live in McKeesport, Pa., and pitched for the same club for quite a while. All are good ones.

Shaw, the crack catcher of the Wheeling team, has a sore hand and for that reason did not esteh yesterday. He, with Arthur, of Toledo, and Cregor, and O'Mara, of Fort Wayne, are by far the best catchers in this league.

McLaughlin, who played second base, McLaughlin, who played second base.

The Yale Crew.

HENLEY-ON-THAMES, June 19.—
The Yale crew were out at 11 o'clock
this morning and the Trinity Hall men
took the water a little later. Both puled a 24 to the minute stroke, Yale rowed
short stretches to Temple Island and
back and then went above the ridge.
The work done by the Americans was
not equal to that of yesterday. The
English critics think that with a lengthened stroke the Yale men attnd some
chance of winning. All he members of
the Yale crew are in good health and
have not been affected by the climate.

to be true that when a man found he had consumption was considered a necessarily fatal disease. It was considered incurable. As soon as if developed enough so that a physician could decide that it was really consumption, the patient was considered as good as dead. Years ago, Dr. Pierce found out that consumption was not incurable, that it was not necessarily fatal. He not only found this out, but he found out a way to cure consumption. He introduced his "Golden Medical Discovery" The "Discovery" will cure of per cent. of all cases of consumption if it is taken according to directions. Consumption is a disease of the blood. It is caused by impoverishment of the blood, and by the existence of disease-great in the system. If the body is perfectly strong and healthy, and the blood perfectly surre, germs are easily, thrown off. If the body is weak, if the tissues are incapable of much resistance, the germs find a resting place and develop. That's the way consumption begins.

The "Golden Medical Discovery" searches out the germs, forces them out of the system and cures consumption and other kindred diseases of the throat, bronchis and lungs. No doubt about it, no question about it. It has done it in hundreds and thousands of cases. The "Discovery" is sold at drug stores.

IF it required an annual outlay of \$100 to insure a family against any serious consequences from an attack of bowle complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colle, Cholera and Diarrhoes Remedy. In almost every neighborhood some one has died from an attack of bawel complaint before medicine could be precured or a physician sum-
